

Community Service

We strive to be leaders in everything we do. This applies to our community involvement as well as our professional counsel.

With this mindset, Edelstein & Company encourages and supports involvement in professional, charitable and civic activities, and holds a firm-wide Community Service Day, in which the office volunteers its time as a group to support a charitable cause. Illustrating our commitment, for four consecutive years, we were awarded a Gold Building Impact Award from Building Impact for our outstanding year-round volunteer participation in this charitable program.

Lastly, we give generously to a number of causes and worthwhile endeavors throughout Massachusetts. Our people – staff and accountants alike – are involved in a wide variety of charitable organizations as volunteers, board officers and board members.
